

A FAMOUS REMEDY

Treated MY cough with German Syrup.
It worked so well I have never been ill since.
I feel better than ever before!

The poor consumptive should not be the victim of neglect, as it often is, but the means to the dread disease must be given. It is now known that the German Syrup—ague, non-alcoholic medicine—can be made especially for the cure of consumption, and has a world-wide fame as a certain remedy for catarrhal, coughs, colds, sore throat, and all bronchial affections in old and young. It is sold in all civilized countries, and has been famous as a consumption cure for almost half a century.

Lee-Jackson Day in the South.

Richmond, Va., Jan. 19.—Gen. Robert E. Lee's birthday is celebrated here and throughout the south today in larger numbers. The public schools and banks are closed and the day is observed in this state as a legal holiday. The local military organizations fired a salute this morning in honor of the day and this evening a number of banquets and memorial meetings will be held.

Charlotte, N. C., Jan. 19.—Lee's birthday was observed here today as in former years by a large gathering of Confederate veterans and Confederate women. As usual bronze medals were distributed among the veterans by Mrs. M. A. Jackson, the widow of the great Confederate general, and in the afternoon and evening meetings will be held in honor of the memory of the great leader.

Norfolk, Va., Jan. 19.—Lee Jackson day is observed here and all through the state of Virginia in the usual manner. The banks are closed and all business suspended.

Charleston, S. C., Jan. 19.—The birthday of Gen. Robert E. Lee was celebrated here today by the closing of the banks, public offices and schools and memorial meetings held by Confederate societies.

Mobilia, Ala., Jan. 19.—In honor of General Lee's birthday all the banks, public offices and schools in this city are closed today.

Jacksonville, Fla., Jan. 19.—The anniversary of General Lee's birthday was generally observed here this even-

ing at the Bush temple of music. Prominent speakers will address the meeting.

Houston, Tex., Jan. 19.—The birth day of General Lee was observed throughout the state by the local chapters of the Daughters of the Confederacy, who held memorial meetings with addresses, music and readings.

Savannah, Ga., Jan. 19.—The whole city is celebrating the anniversary of General Lee's birthday today. All banks and public offices, not controlled by the federal government are closed, also the schools. This evening a memorial meeting will be held at which prominent speakers will address the people and crosses of honor will be distributed to the Confederate veterans.

Helena, Mont., Jan. 19.—The Southerners living in this city and the Helena Business Men's association will honor the memory of Gen. Robert E. Lee's birthday by a big southern dinner, to which all southerners in the city and many other guests have been invited. Extensive preparations have been made for the event and special cars have been taken to make it as much a typical southern dinner as it is possible to make it in this part of the country. E. G. Day will act as toastmaster and many prominent southerners will answer to toasts.

Atlanta, Ga., Jan. 19.—As usual the Virginia society of this city will observe Lee-Jackson day with a large banquet, for which the most elaborate preparations have been made. Many distinguished Virginians in this city will be present and some excellent addresses will be delivered on that occasion.

A Grim Tragedy.

Is daily enacted in thousands of homes as Death claims, in each case, another victim of consumption or pneumonia. But when coughs or colds are properly treated, the tragedy is averted. E. G. Huntley of Indianapolis, Ind., writes:

"My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's new Discovery for consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by J. C. Perry, druggist. Trial bottle free.

The Quarantine has been so busy dodging that he has not had time to suggest that the whole matter be taken to the legislature for settlement.

Condemned Man's Grim Humor.

Louisville, Ky., Jan. 19.—William Van Dusen, convicted of the murder of his mistress, Fanny Porter, was executed today by hanging in the county jail. He remained game to the last and showed remarkable nerve.

For weeks Van Dusen had been biding with his pocket knife on stock wood as he could lay his hands on, shaping the various pieces into a miniature scaffold. After he had completed his task he discovered that he had omitted the trap. He not only remedied the defect, but added a dummy figure as a contrivance which caused the trap to spring and the little boy to drop through, as far as the rope around his neck would permit when a nickel was put in the slot. He set up his little model and attached a sign to it, which read, "Drop a nickel in the slot and see how it looks to be hanged." He considered his work a great joke and often made grim remarks about it to those who came to visit him and dropped a coin in the slot to see the model work. Van Dusen killed Fanny Porter a bit over a year ago by cutting her throat from ear to ear. He never denied she was his, but asserted that he had acted in self defense.

Imperfect Digestion.

Means less nutrition and in turn, gives less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbs will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 25c a bottle. TELLS BY

THEIR SLEEP

"I can tell by my little ones' sleep when a cold is coming on" said a mother when speaking of the advance symptoms of colds in children. "They toss about, are restless, their breathing is heavy and there are symptoms of night sweats. The next morning I start with Scott's Emulsion. The chances are that in a day or two they are all over it. Their rest is again peaceful and the breathing normal."

Here's a suggestion for all mothers. Scott's Emulsion always has been almost magical in its action when used as the ounce of prevention. Nothing seems to overcome child weakness quite so effectively and quickly as Scott's Emulsion.

SCOTT & BOWNE, 409 Pearl St., New York.

educated foreign women, mostly teachers and governesses, who are constantly coming to this country to gain a livelihood. Many of these women fail to succeed in their vocations and many of them are suffering from want and are compelled to seek the assistance of the consular representatives of their respective countries. Particularly the German consul has taken great interest in the plan, as there is comparatively a greater number of German governesses than of any other nationality. Among other prominent society women who took great interest in the matter, are Mrs. Isaac Guggenheim and Mrs. Ludwig Salvat. The real organizer of the movement, however, was a German governess, whose experience during twenty years of self support in America has taught her many things about the hardships which we men of her class have to endure.

The organization proposes to begin on a small scale. A flat will be rented and furnished, which will serve as a social center for those who often know absolutely no one in the city and are helpless without means. It is hoped that in the course of time the scope of the organization can be enlarged and a regular club house for governesses and teachers erected.

Douglas' Kidney Pills cure them all.

Mrs. Conradi Arnold, of 440 East First street, Albany, Oregon, says:

"Douglas' Kidney Pills did me considerable good. I used them for rheumatic pains across the small of my back and down through the sides which were very severe when I stooped to lift anything or sat in one position for any length of time. I got Douglas' Kidney Pills and commenced their use. I began to get better right away and continued taking them. They soon relieved me and I have had very little trouble since. I shall always try to keep Douglas' Kidney Pills in the house and will recommend them at every opportunity.

GETTING HOME SUPPORT

Silverton Paper Endorses
R. D. Allen for County Clerk

How R. D. Allen, of Salem, formerly of Silverton, is seeking the nomination for the office of county clerk at the hands of the Republican party in Marion county, and he desires the support of his friends in this vicinity, which will surely be given him. Mr. Allen is a native of Silverton, and has always taken a great deal of interest in the development of this community where he was raised and received his education. Although he has lived at Salem for several years, his interests have largely been here, and some day he will probably return to make this his future home. At present he owns a valuable farm near the city, which naturally draws his attention in this direction. Aside from this his parents Mr. and Mrs. Henry Allen, reside in this city, and many friends, who will be glad to give him their support in this campaign.

In 1876 Mr. Allen cast his first vote in this city, and ever since that time he has been an ardent worker for Republican principles. If it is perfectly right that the Appeal and all his friends in this vicinity rally to his support in this campaign, if he is successful in this undertaking he will not go into the office unprepared to discharge every duty of the office with efficiency. He is entirely competent to fill the office and besides his excellent qualifications as a scholar, he has had two years experience as deputy clerk in Marion county. For six years he has held a position as bookkeeper at the Oregon State Asylum, giving entire satisfaction, as shown by a report of the joint legislative committee on investigation of the affairs of the asylum, which was handed to us recently by a friend.

Mr. Roland, the present official at the county clerk's office, is understood, is not asking for nomination, in view of the fact that the old established precedent of a limit of two terms of office should be respected.

Any attempt to break this rule will likely meet with disapproval, and Mr. Roland is not the man who will attempt to make a monopoly of county affairs.

He has filled the office with ability and has endeavored to make the best of his term.

It is quite probable that his visit to Council Bluffs will be the means of the investment of a considerable amount of additional money by this firm in timber lands of Jackson county. J. D. O
